About DrinkPrime

INDUSTRY	HEADQUARTER	TEAM SIZE
Electronic Goods Manufacturing	Bangalore, KA, India	201

DrinkPrime is an IoT-enabled water purifier manufacturer, providing safe water access to all in a sustainable and affordable way.

The Challenge

DrinkPrime faced a hidden risk in their previous insurance policy, leading to

1

Misidentification of risk

2

No protection against fire/burglary

3

No protection against environmental penalties

4

Wrong declaration on “nature of business”

The Solution

Onsurity performed a **deep-dive risk assessment**, correcting the fundamental errors in DrinkPrime's coverage.

1

Accurate classification of **business occupancy**

2

Comprehensive business protection with **360° coverage**

3

Health protection for **contractual employees** against medical emergency

Onsurity's due diligence and subject matter expertise helped DrinkPrime save ₹40 Crores in financial losses from damages, penalties, and lawsuits.

The Outcome

DrinkPrime went from having insurance as a mere paper promise into a legally sound safety net.

100%

Protection

for asset, people,
and business

Testimonial

"The team at Onsurity moved quickly to correct the policy terms and ensure our assets were accurately valued. This precise risk assessment was a game-changer; had we continued with the old policy, a claim event would have resulted in significant unrecoverable damages."

- Shruti Shirolkar (HR Manager, DrinkPrime)

By transitioning to Onsurity, **DrinkPrime** didn't just buy a policy; they bought the certainty that their infrastructure and people are genuinely protected against real-world risks.
